I-T

The Cowboy Philosopher
on *The Peace Conference*

*I***N** the Five times I have appeared before President Wilson I have used dozens of these same jokes, about him, And he has the best sense of humor and is the best audience I ever played too, Which bears out the theory I work on, That you can always joke about a big Man that is really big, But dont ever kid about the little fellow that thinks he is something, cause he will get sore Thats why hes little,

W. R.

ALIBI

THERE is no particular reason why
I should horn in on you Public
with a Book, But thats just when they
seem to write them, When theres no
need or reason for them,

*The shorter white Paper gets the more
careless these Pen Hounds get with it,*

All my friends advise me to go ahead
Will and write it cause you wont annoy
people with it like these other Writers
do with theirs, Nobody will read yours

When a Guy has never grazed educa-
tionally any further than McGuffeys
fourth Reader his ravings aint liable to

The Cowboy Philosopher on

throw any jealous scare into Literary
Circles,

*Grammar and I get along like a Russian
and a BathTub,*

In fact Americans are getting to dote
too much on Grammar and Good
Manners, They say the most perfect
English in this country is spoken in
Sing Sing, And at the Federal Prison
in Atlanta, They claim a Knife never
touched a Lip, So you see where that
junk leads you too,

I was going to write a Book on the
War, But I heard some fellow had
already done it,

In fact I figure that the fellow who
dont write on the war will be a novelty,

The Peace Conference

There is so many Books on the War that
no two people will have to read the same
Book.

Then the War was too serious a sub-
ject I could not write on it, But the
Peace Feast, That seemed to offer a
better field for Humor provided you
stick to the *facts*,

I have some inside facts procured
from the most reliable source, And as
I dont want to see the World grow up
in ignorance on this historical subject
I would really feel selfish and mean too
withold it,

Heres how I got it, There is a fellow
I know, Who had a friend, And this
friends Sister had a sweetheart and he
was a Soldier in France and his cousins

The Cowboy Philosopher on

pal was a Bunkie of Col Houses Chouffer,
The Col told his Chouffer So you see
my information comes from the same
place Pres Wilsons does,

So Here Goes Under The Bottom With
THE FIRST PEACE BOOK,

THE PEACE CONFERENCE

OF course this whole Peace Conference talk started from the time Pres Wilson said to Germany "We wont deal with you as long as you occupy invaded Territory." Well the Kaiser come right back at him and said, "If you can show us how we can give it up any faster than we are I wish you would do it,"

Now the Armistace was signed, and Germany agreed to quit running at eleven oclock on a certain day,

Of course we got the word a couple of days before it was really signed, Mak-

The Cowboy Philosopher on

ing everybody have TWO DRUNKS
where one would have done just as well,

It would have been signed on this
first day But the German Generals
whom they sent out to sign up, had
never been to the front and didnt know
just where it was,

The Kaiser was on the verge at one
time of visiting the western front then
he said, "No I will just wait a few days
till it comes to me,"

Our Show was playing in Philadelphia
when the first Armistace was signed,
(*The one the saloon men framed up*)
I was a bit leary of it all the time as I
had been there once before when the
Union League Club had paraded for a
Mr Hughes, Then later they had to
put the Parade back,

The Peace Conference

I HAD ALWAYS BELIEVED PHILA TO
BE SLOW AND HERE IT WAS 2 DAYS
AHEAD OF THE FACTS

At that time everybody wondered
what to do with the Kaiser, I thought
he should have been brought to this
Country and made to clean the streets
after that first Armistace day,

A funny thing the Armistace was
signed about the time the returns of
the last election come in. The Germans
and the Democrats learned their fate
on the same day,

When the war was over the Kaiser
called his 6 sons to him and said,
“Now boys we better duck Cause this
war is over and you boys can get hurt
Now,”

The Cowboy Philosopher on

The thing that hurt the Kaiser worse
than losing the war, Was that in all the
Armistace ternis they didnt even men-
tion his name,

Everybody commence talking about
the Peace Conference and who was to
go, Some Republican Senators went
so far as to engage a lower birth,

*There was so much argument about who
was to go, That Pres Wilson says I tell
you what, "We will split 50-50 I will
go and you fellows can stay,"*

At last we were going to get even with
them for all their commissions coming
over here,

You know for a while COMMIS-
SIONS were coming so fast, That we

The Peace Conference

were lucky to find a fellow who knew what Flag to put out each day,

We were meeting Servian Commissions with Romanian Flags,

Of course there were nations coming at that time who had not enough to support a flag, That's why the commission were here to place a Flag Contract,

Now to get to my Peace trip, About three months are supposed to have elapsed between the last Paragraph and this one, All of which time was taken up by Congress talking, (*see congressional Record*) Finally Pres Wilson got tired listening to them and walked out on them,

If it had not been to get away from Congress, I have my doubts if he would have gone to Europe,

The Cowboy Philosopher on

Now for the Number 2 Peace trip,

This Peace trip is not an original Idea, (It was originated by some obscure MANUFACTURER OF KNICK NACKS,) *Name furnished at advertising rates,*

Its always the same, the fellow who originates anything or starts something new is generally called a nut, The next fellow comes along takes his Idea improves on it and of course is a smart man,

Of Course this No 2 Company used better Judgement than the first one. This one waited till the war was over to Go,

This is the only case in Theatrical History where the No 2 Company was better than the original,

The Peace Conference

Of corse I claim this Manufacturer in some middle west town (I cant seem to recall that fellows name) made one mistake, There were people on his Boat that should never have had a return trip ticket,

Through Holland receiving them is where the Kaiser got his idea of going there,

Of course there was a lot of dissatisfaction against the Pres going, Mostly by people whom he did not take along,

I was in favor of his going because I thought it would give us a chance to find out who was Vice President, But it Dident,

I also felt confident that he was the only man that could explain the 14 points

- - - - -

The Cowboy Philosopher on

We were especially lucky in having him represent us in England as he is the only one we could have sent that spoke good enough english that they could understand,

He would have taken a Senator but couldnt find one that had a dress Suit

A congressman of course was out of the question He couldnt have eaten off a 15 million dollar plate He would have starved to death looking at it,

For awhile it looked like Mr Hughes would get to go, While the others were signing up he could have been investigating, his report would have been ready the day before the next election,

Also asked a manufacturer from some lake town (I cant think of that Birds

The Peace Conference

name) But he said "No thank you one trip cured me"

The Sectry of Agriculture was named to go for a while, It was thought that if we were fortunate enough to be assigned any loose Islands at the meeting He could immediately advise what to plant thereby getting in a crop next year,

MR ROOT was named then some one happened to think of *RUSSIA* and that was off,

Wanted BRYAN to go but nobody knew where he was,

I wanted to go along as *JESTER* Pres Wilson will miss his comedy when he gets away from Congress,

The Cowboy Philosopher on

I wanted to represent the United Press (the one that sent in that premature peace report) I could have had them there before they started,

See they took one Republican with them, But I have never read any thing in the papers about him landing, Just about chucked that guy overboard,

Took a republican along to argue with on the way over,

They will about make him Wait on the Peace Table,

See where Admiral Dr Grayson stood his Maiden voyage well,

Mr Creel went along to suppress any SCANDAL that may crop up

The Peace Conference

On arriving they found they had forgotten something after searching they found it was the *Industrial Committee*,

Now Mr Barney Baruch is going in case we land a few Shekels, why Barney will count up for us,

Also Mr Garfield "said he wasent going to stay in this Country and FREEZE another winter,"

If they keep on sending for them, Talk about getting the boys back, it will take a couple of years to get all these Peace Guys back,

We may not have had as many Nations in the war as these other Nations but we are going to Swamp them at the Peace Table,

The Cowboy Philosopher on

Col House was there to meet the
Boat in a *listening Capacity*,

Lot of men have *fought* their way
into fame and *talked* their way into
fame but Col House is the only man
that ever just LISTENED HIMSELF IN,

After looking over Paris the troop
went to London, Can you imagine
how sore these Republicans got when
they read about a Democrat sleeping
in Buckingham Palace,

Kaiser and Czar used to kid King
George and tell him he didnt have any
power He can get back at them now
and say "No I havent got much power
but I am still *Kinging* aint I,"

Pres left London passed through
Paris got an earfull from Col House

The Peace Conference

and played a week of one Night stands
through Italy,

He had a letter of recommendation
from Caruso so he met some of the best
people in Italy,

Every time the Pres wanted' applause
in his speeches in Italy he would mention
GARIBALDI which sounds same in
English as Italian,

Belgium wanted to book him there
but the Pres got wise that they were
holding so many Banquets they were
trying to wear him out before the Peace
Feast started,

King of Italy also the King of England
have agreed with him up to now But
unfortunately they neither one will be
at the Peace signing,

The Cowboy Philosopher on

England is orally in accord but there
has been nothing signed,

They are a little late starting as they
were waiting to find someone who knew
what freedom of the Seas mean,

NOW IF HE CAN ONLY HANDLE THAT
MEETING AS HE DOES CONGRESS WE
NEED HAVE NO FEAR OF THE RESULT,

You know a lot of people think he is
liable to be too easy with them dont you
believe it he can be pretty stern when
he wants to remember last fall when
he sent Germany their Questionaire,
Said GIVE ME YOUR REAL NAME
AND PERMANENT ADDRESS,

Lets hope the Turkish Deligation dont
bring all their WIVES or we never will
get *PEACE*,

The Peace Conference

And lets make those Russians shave
before they sign up we want to know
who we are dealing with,

If Ireland sends a deligation I can
hear France say bring us back war,

Now the Pres says we are going to
recognize the CZECHO SLOVAKS we may
recognize them but we will never
pronounce them,

That Nation has caused Readers more
trouble than any other one in war,

They cant make the Peace terms
much worse than those Armistace terms
for they read like a 2nd mortgage,
Party of the second part has no more
chance than a Democrat in the next
Congress,

The Cowboy Philosopher on

We are handicapped at this meeting, England and France both have their Prime Ministers there while *BILLY SUNDAY* didnt go for us,

Each Nation is supposed to share in the Peace terms according to what they have done in the war, Holland gets the KAISER, Mexico the CROWN PRINCE,

Now the Pres has to get back here before Mar 1st when the Country goes in into the hands of the Republicans or they are liable to want to charge him a tarriff to get in again,

OF COURSE WE DONT RECEIVE MUCH NEWS OF THE PEACE CONFERENCE. FIRST FEW WEEKS THEY ARE ALL JUST COMPLIMENTING EACH OTHER. WAIT TILL THEY GO TO DIVIDE UP

The Peace Conference

SOMETHING. (What a truth that turned out to be)

Well by this time Congress was getting pretty rough so Pres W grabbed his boat and commuted back home,

Said I think I will land in BOSTON the old Pilgrim Fathers had pretty fair luck, and *nobody has ever landed there since,*

Germany couldent figure out how America could get troops over there and get them trained so quick they didnt know that in our manual there is nothing about **RETREATING** and when you only got to teach an Army to go one way you can do it in half the time,

I feel pretty proud over that last little gag, As I used it before Pres Wilson in

The Cowboy Philosopher on

Washington and he repeated it in his Boston speech, Saying "as one of our AMERICAN HUMORISTS says," Up to then I had only been an ordinary Rope thrower,

Pretty tough when the Pres cops your act,

Pres had pretty good luck on that 1st trip they saw his 14 points and raised him - - - - - more

Says in there, "There is to be no more wars" and then there was a Paragraph a little further down told you where to get your AMMUNITION in case there was one,

Now he come's back to Washington to explain the *LEAGUE OF NATIONS* to Congress You know those guys cant read anything and understand it,

The Peace Conference

But after eating out of 15 million dollar Gold Plates and hobnobbing with Kings and Dukes can you imagine how Congress looked to him when he come back,

Had All the Senators up to dinner at White House Took Ham Lewis three days to dress for it,

*Not much news from the Dinner
Burleson copped the Phones,*

On last day went up to Capitol to sign all the bills Congress had passed Well after he had signed the *bill*,

Then he went before Congress and balled out the WILFUL 37, he was busier than Mcadoo with a new train,

The Cowboy Philosopher on

HE and Taft both spoke on same stage first time Pres and x-pres ever *agreed*,

I still wanted to go along but he said:
“wait Will till some other trip and I will take you,”

You know **13** is his lucky number
if they dont sign this up on this trip he
knows they will on his 13th trip,

You see Congress got sore cause he
did not call them in extra session,
You know the next Con, is *Republican*,
Be a good joke on them if he didnt call
them at all wouldnt it,

Back to Paris to meet Col House
the only man the Pres ever listened
too,

The Peace Conference

MR DANIELS went over. First time they have ever taken Josephus anywhere, He will be allright in a crowd,

Made Mr Hoover food DICTATOR for all the Allies That means that *BELG FRANCE* and *ENG*, are not going to get any *more* to eat than we do,

Conference at 1st gave America Japan Italy France 5 deligates each and England including her Colonies fourteen, Thats all right to allow England for each one of her *Foreign Relations*, But they did not allow us a single one for *Wisconsin*,

How would you like to have been on a committee of Englishman to inform Ireland they didnt get any Deligates,
OH BOY,

The Cowboy Philosopher on

Finally got it down to the big TEN
now theres only FOUR, speaking to each
other,

America didnt know till they got
over there that those European Nations
have had a disease for years called the
Gimmes.

England and Japan had a secret
Treaty where England was to get
everything south of the equator and
Japan everything North, Guess they
were going to leave the equator for
Ireland,

Japan wanted it put in the contract
that she was as good as anybody else
If she *admitted* it why put it in, If a
man is a Gentleman he don't have a *sign*
on him telling it,

Tell Japan we will recognize them as soon as they recognize China,

Peace Table is turning out like all Banquets the speeches are too long,

Everybody at the Table wants a second helping, And Germany the cook hasent got enough to go around,

They agreed on one of the 14 points that was that America went in for *nothing* and *expects nothing* they are all UNANIMOUS WE GET IT,

Wanted to put the LEAGUE of nations in with Peace Treaty, thats like a fellow going into a store and the Merchant wont sell him a Suit unless he uses a Gillette Razor,

The Cowboy Philosopher on

Its been a great thing for these Senators if it had not been for this to *knock* they would not have gotten all these Lecture Dates,

The way a lot Of Senators talk you would think Pres W was going to trade America off for a couple of Golf Clubs,

They seem to think the Pres took the **Monroe Doctrine** in his pocket and is liable to lose it over there,

Pres Wilson threatened he would start the war over again, Be terrible if they found out this war was fixed and they had to fight it over again,

They cant let the Russians in this league or they would make a Bush League out of it,

The Peace Conference

Best time to have formed this League of Nations was during the war when all these Nations needed each other,

Everybody is for something to prevent war, but they are afraid it is like Prohibition it dont prohibit,

League of Nations just as clear as the Income Tax blanks,

One thing we got to be thankful for our Soldiers can win wars faster than our Diplomats can talk us into them,

Pres Wilson finally got discouraged at the stalling and told them that if they didnt hurry up and do something the Americans would pick up their Wives and come home,

The Cowboy Philosopher on

Pres says "JAMES BRING MY BOAT"

They then got busy and decided that Belgium could try the Kaiser, Belgium said "how do we get him," Allies said "thats it if we could get him we would try him ourselves,"

Some Nations got so tired waiting for Peace they went back to fighting again,

Been working on this League of Nations all winter, Finally one of the deligates said "What about Peace with Germany" The others all said "thats right we never thought of that,"

Went to call in Germany and they said "Why we had give you all up

thought you wasent coming, We got a better offer from the Bolsheveki”

**They offer us no indemnities
and no Baths,**

If they ever have another war lets have it understood before they start what each Nation wants at the finish,

All those Nations claim they were fighting for freedom, But of course a little more land would make a little more Freedom,

One thing about this League, The last war there were only 10 or 15 nations in it now if they all sign this they can all be in the next one, It wont be near so exclusive,

The Cowboy Philosopher on

Course its hard to please everybody Taft tried that,

If Pres Wilson had any doubts about this League of Nations being put through he should have taken some of these Prohibitionist. They would have shown him how to get it through whether people wanted it or not,

France says they would have more confidence in this League if they would slip a couple of Nations in between them and Germany,

I WONDER IF WE QUIT FIGHTING TOO QUICK AND DIDNT SIGN PEACE QUICK ENOUGH,

Dont get impatient. It has been just this hard at the end of every war to try and prevent another one,

The Peace Conference

Pres on his last voyage home said the
Monroe Doctrine was fully protected
already And to show them that it
was, He has now put it in,

This Monroe thing the Republicans
talk so much of and know so little about,
Protects us against everything but
VILLA.

And in the whole History of America he
is the only *Nation* that ever attacked us,

Italy says they will pick up their
Marbles and go home

Pres Wilson says you may Fiume,
But you will never get it,

Today is Japans day to threaten to
pack their kimonas and leave,

The Cowboy Philosopher on

Italy bases her claim on an old treaty,
She cant afford to trace her Treatys
back too far, *If I remember she origi-*
nally was signed up with Germany,

Pres Wilson certainly used good judge-
ment in visiting Italy when he first went
over,

Sectry BAKER has gone back over to
France again think old Newt, kinder
likes PARIS,

They wanted Mcadoo to go but the
salary wasent right,

Can you imagine a guy that couldnt
make a living out of all the jobs he held,
I would love to have just half what one
Republican would have made out of all
that,

Lot of Reps dont want this League Gag to pass they are jealous cause the Democrats ran the last war, And they want to have another one to show how much better they could run one than the Democrats,

Even the Big 4 seem to be losing confidence, They have removed the words High Contracting Parties, which appeared 418 times in the original and now speak of it meekly as members of the League,

We know Pres Wilson had a lot to do with drafting it, Cause it has so many WORDS

Now it will take longer to explain it than it did to write it,

The Cowboy Philosopher on

If Mr Lodge and Mr Lowell debate
on these new amendments Boston has
applied for a change of Venue,

*Only debate ever held where both men
agreed,*

Pres is up to his old tricks has sent
a NOTE to Italy,

His appeal to the Italian People
caused as much of a furore as the one
to the voters last fall,

Italy says they know Fiume was not
in their secret treaty with other Allies
But its a nice town and they hate to
see it fall into bad hands,

Get all those Nations sore enough to
start telling the truth about each other,
We will hear something,

Italy claims Fiume because there is more Italians there than anybody else, according to that Look whod get NEW YORK

Japans claims are sorter novel "They want pay for capturing part of China one of our own Allies"

They have offered to protect Siberia if they have to stay there forever to do it,

If Japan gets all her claims China will pay more indemnities than Germany who lost the war,

Imagine Japan, Pres Wilson, and Italy, All talking at once, Good thing they cant understand each other or this Conference would never have lasted this long,

The Cowboy Philosopher on

AND THEY CALL THAT A
PEACE CONFERENCE,

Guess those CZECHO POLOKS have
gotten their freedom, I see where they
are at *war*.

Wish I could find a man who had
read this LEAGUE OF NATIONS, And
could tell which was the *Assembly* and
which was the *Council*,

Thats a good clause in there "where
any Allied Nation must give three
months notice before it jumps onto any
other Allied Nation,"

Now the Women want to send Deligates,
They forget this is a Peace Conference,

See where the German Deligates to
the Peace Table brought their Golf

Clubs We can see now how Admiral
Graysons Pupil stacks up against op-
position,

See where Pres Wilson and Italy have
compromised on that town down there
Italy got it,

Its kinder new wrinkle in Diplomacy,
The Slovaks can play with it four years
till they begin to like it, And then they
take it away from them,

AS I UNDERSTAND IT ITALY IS TO HAVE
IT TUESDAYS AND SATURDAYS, .

But they are going to build those
other People (*with that terrible name*)
A little young town just as much like
this one as they can, down the river
aways

The Cowboy Philosopher on

Guess the reason they put a four
year limit on it, Was that they figured
that would about cover the existence of
any of those new Nations,

The Idea over there now seems to be
lets get something ready to sign up,
Whether its any good or not,

See where Pres Wilson and Japan
compromised on that CHOW CHOW
PLACE JAPAN GETS IT,

I dont know how much money In-
demnity Japan will demand from China,

*You know CHINA has one of the best
JAPANESE Armies in the World,*

See where Pres Wilson and England
compromised on Freedom of the Seas
England got it,

The Peace Conference

Italy left the Conference and got what she wanted, Japan threatened to leave and got what she wanted, If Pres Wilson had left some Republican Senators would have gotten what they wanted,

Seems several Nations were like Jesse Willard they wanted to know what they were to get before they entered the Arena,

Well they finally handed Germany the Peace terms 80 thousand words only thing ever written longer than a Lafollette Speech,

HAD TO BE THAT LONG TO TELL THE GERMANS WHAT THEY THOUGHT OF THEM

Imagine what a document for Lawyers to pick flaws in,

Could have settled the whole thing in one sentence, "IF YOU BIRDS

The Cowboy Philosopher on

START ANYTHING AGAIN WE
WILL GIVE YOU THE OTHER
BARREL,”

RUSSIA cant get in on this Peace
There is not enough Paper in the
World to print 80 thousand Russian
words on,

If they want to get even with Ger-
many they ought to let them keep their
Cables And appoint Burleson to run
them

*I thought the Armistace terms read
like a second Mortgage, But this reads
like a FORECLOSURE,*

If Germany ever wants to go to war
again she will have to fight with
BEER STEINS

The Peace Conference

If Germany stops to read those 80 thousand words before they sign them,
We needent expect Peace to be signed
for years yet,

Now Folks with all this kidding and foolishness aside, for I just say in here whatever I think anybody might laugh at, But of course my real sentiments are the same as everybody else, anything to prevent war If He puts this thing through and there is no more wars, His address will be WHITE HOUSE WASHINGTON D C till his whiskers are as long as the Peace Treaty If it should be a Fliv, (which it wont) Why then a letter would reach him at ALABI NEW JERSEY. So all Credit to Pres Wilson it took some game Guy to go through with it,
